Your Green Cllr Jo Walker

EVENT SPARKS COMMUNITY SPIRIT GREEN JO: "IT'S FANASTIC THIS FUNDING IS COMING TO ORE"

Cllr Jo Walker sharing residents' ideas with Cllrs Hilton and Haffenden at the recent event at Downs Farm

Local families came together at **Downs Farm Community Centre** for a special event. **Ore** is set to receive funding from the government's Shared Prosperity Fund, and this was a chance for local people to help shape how that money should be spent.

Green Cllr Jo Walker said, "It was a day packed with energy, creativity and connection. Talking about how to shape the future of Ore."

Jo continued, **"It was brilliant to see so many residents getting stuck in and sharing their hopes for Ore. The ideas show how much we all care about making our area the best it can be."**

Residents shared ideas on youth activities, community safety and tree planting. These conversations will help shape **plans to make Ore an even better place to live, work and grow.**

GREENS AND POLICE TEAM UP IN ORE JO SHARES RESIDENTS' CONCERNS WITH POLICE

Hardworking Green Cllr Jo Walker took a break from her community litter pick to join the community policing team in Ore. The drop-in event outside the Co-Op gave residents a chance to speak directly with local officers about safety in the area.

Jo said, **"I raised concerns from local residents about speeding vehicles, dangerous parking, and delivery drivers causing issues in the village."**

East Sussex County Council wardens have the authority to deal with parking enforcement in Ore, which can be reported on their website. All other issues should be reported to Sussex Police.

Jo added, **"These issues need reporting to the police, as it helps them target patrols where they're needed most."**

GREEN JO WALKER: WORKING HARD FOR ORE ALL YEAR

ORE VALLEY PLAY PARK GETS A REVAMP

CLLR JO GETS ESSENTIAL IMPROVEMENTS TO PLAY PARK

Green Cllr Jo, who is the portfolio holder for Environment and Neighbourhood Wellbeing, has been campaigning for the essential repairs and revamp of the Ore Valley Play Park.

Jo says, “We have very limited play opportunities in the Ore area and very few funds to repair and replace play equipment.”

Jo continues, “I am so pleased we have managed to replace the swing at this play park, install the much needed bin and make repairs to the other equipment.”

Jo has long championed better access to safe and well-maintained play spaces in Ore, and this latest success reflects her commitment to neighbourhood wellbeing despite limited resources.

Revamped Ore Valley Play Park
